The Rich Man and Lazarus

The Rich Man and Lazarus is a powerful story reminding us that we are called to live our faith in our daily lives through generosity towards the poor and in working towards justice in our world. We do this in a variety of ways and we can see the goodness around us in those who are living examples of the Christian message. We are now called to listen urgently to the cry of the earth and to reflect on the injustices caused by the climate crisis. Millions of people are suffering worldwide through drought, sea-level rise and a breakdown of the earth's ecological systems.

'Christians need an 'an ecological conversion,' whereby the effects of their encounter with Jesus Christ become evident in their relationship with the world around them. Living our vocation to be protectors of God's handiwork is essential to a life of virtue; it is not an optional or a secondary aspect of our Christian experience.' (*Laudato Si'*, 217)
